

Sonoma panel, Walnut finish, Stockton III windows, Decorative hardware

Made with foamed-in-place polyurethane insulation, Model 8500 is our most thermally efficient door.

DOOR FEATURES

Effective Joint Seals
Snug-fitting tongue-and-groove section joints reduces wind and weather from entering the garage

Foamed-In-Place Polyurethane Insulation
provides thermal efficiency with an R-value* of 16.22†.

Heavy Gauge Steel End Caps
Wrap-around end caps trim out door edges for better appearance, improved strength and protect the insulation from damage.

- **Silent Glide Rollers**
Nylon rollers with solid steel shafts provide years of smooth, quiet and dependable operation
- **High Cycle Spring Option**
Choose a 25,000 cycle spring for more than twice the life of a standard torsion spring

- **Wind Load Options**
Available with structural reinforcements for use in coastal or high wind region

- **Limited Lifetime Warranty**

*Wayne Dalton uses a calculated door section R-value for our insulated doors.
†R-value of 16.22 for 8' tall doors. R-value for other door heights may vary slightly. See website for warranty and wind load details.
